Professional Profile

Years of experience in education content and new media operations, with current work in website content, multi-source verification and awards projects. Applies AI agent workflows to web, form and content production while owning revisions and final acceptance.

Core Capabilities

Content Planning	Website Operations	Quality Control	Vibe Coding	Delivery QA
------------------	--------------------	-----------------	-------------	-------------

Experience

NAAI / Academic & Cultural Project Operations

Core Management Team / International Project Lead | Mar 2025 - Present

- Checks member materials field by field against names, roles, institutions, professional backgrounds and public sources, turning missing, conflicting or unverified information into an issue log for review and page updates.
- Reviews wording, titles, links and language consistency across member, news, awards and project pages, then verifies public results on desktop and mobile.
- Organizes nomination and film materials for Astria Awards and related programs, tracking director or jury communication, certificate wording, milestones and documentation.
- Uses Codex for material organization, drafts and page or document implementation while retaining responsibility for factual boundaries, revision requests and final acceptance.

Shuotu Education Technology Group

Executive General Manager | 2023 - 2025

- Aligned content, operations, user service and partnership information for education projects and communities, making tasks and milestones explicit.
- Organized process notes, missing materials and communication outcomes, then followed information gaps and coordination issues through resolution.
- Maintained day-to-day communication with users and partners, collecting feedback and tracking it to the relevant action and deliverable.

Siyuan Hanke Culture Communication Co., Ltd.

New Media Operations Specialist / Content Operations Lead | Mar 2018 - Aug 2023

- Managed the full content flow from topic selection and editing to publishing and ongoing maintenance.
- Adjusted topics, framing and publishing schedules based on user feedback and content performance.
- Produced online campaign and promotional content, then tracked publishing, user interaction and follow-up feedback.

Kuitun No.1 Middle School

Junior High School English Teacher | Sep 2016 - Feb 2018

- Organized course content and classroom activities around learning goals and student needs.
- Recorded progress, communicated feedback with students and parents, and adjusted teaching plans accordingly.

Selected Projects

Member Data & Public Page Quality Review

Context: Materials may include missing fields, inconsistent titles, unclear public sources or page-level discrepancies.

Actions: Organizes materials by field, checks identity, institution, professional background, sources and page content, then turns missing, conflicting or unverified items into a clear revision list.

Deliverables: Review records, information checklists, member or news pages, and desktop and mobile verification.

AI-assisted Resume Website & Multi-format Delivery

Context: One resume experience required accurate content, complete Chinese and English states, mobile presentation, forms, PDFs, Word files and live deployment.

Actions: Defines the information hierarchy, identifies language, data, title, form, pagination and mobile issues, directs revisions and verifies results.

Deliverables: Bilingual website, PDF and Word resumes, Tally information flow, mobile adaptation and a live GitHub Pages version.

Film Awards Materials & Milestone Coordination

Context: Awards programs connect nominations, film materials, director or jury communication, review milestones, certificates and documentation.

Actions: Organizes nomination and film materials, records missing or unverified items, follows communication, checks certificate wording and archives final materials.

Deliverables: Nomination and film materials, open-item records, communication follow-up, certificate text and archived records.

Skills

Website Content	Website maintenance, publishing, bilingual content editing and proofreading, and revision follow-through
Quality Control	Multi-source verification, missing or conflicting information checks, issue logs and revision review
AI Tools	Vibe coding, Codex-assisted web and content production, and Tally form setup
Project Support	Awards materials, milestone tracking, user feedback follow-up and new media operations

Education

Yili Normal University | Undergraduate study in English Education | Sep 2012 - Jun 2016

Training in English language, pedagogy, curriculum design and teaching practice, with a foundation in education content and written English materials.
